Nursing Report by Teresa Koniski

The Board of Health was updated on the nursing department activity for the month of April.

Clinic

Tuberculin Skin Tests: 7

Prevent Blindness Ohio (Vision Care Assistance) 1 applicant

Vaccinations Clinic/Vaccinations:

Childhood Vaccinations: 14 Adult Vaccinations: 14

The immunization clinic is handling standard childhood and adult immunizations as well a exotic immunizations for travelers as needed.

Paternity Test:

The nursing department obtains DNA samples in our clinic for the Harrison County Child Support Enforcement Agency. We do oral swabs on their cases, they then send those sample's to a laboratory, total test for the month: 0

Reportable Infectious Diseases

The County had 3 reportable communicable disease reports that included 1 cases of Chlamydia, 1 case of hospitalized influenza and 1 case of Hepatitis C. All of these were entered into ODRS (the Ohio Disease Reporting System) as per required by ODH and follow up calls to patients and physicians were completed.

We have no Lyme disease labs reported for 2018 to date.

Community Outreach

Meeting with Dr. Beetham to discuss WIC provider Memorandum of Agreement for FY 2019"s WIC Grant.

Medical Billing

The billing is currently running smoothly with no difficulties. We outsource our medical billing for the immunization clinic and RHWP to Fenner Medical Billing out of Canton.

Grant Programs

Reproductive Health and Wellness Program (RHWP)

We had 13 visits in April, our goal is to get to a minimum of 15 visits per month. ODH has extended the current grant by six months (ending August 31 instead of March 31) to make it coincide with the Federal grant schedule. We are in a two-year grant cycle so our contract with Carroll "County will extend until August of 2019.

ODH is pushing for their RHWP's to increase the number of LARCs (Long Acting Removable Contraception) inserted in female clients requesting birth control. These can be either IUDs or the Nexplanon (which are inserted in the arm). We had our first client request a Nexplanon in May and the procedure went very well.

WIC

Total Participants Active (Caseload): 235 in April which is down from 251 in March.

Total participants seen in Cadiz location: 60. Total Participants seen in Scio location: 5

WIC had a three-day ODH audit in March, during which the program received 4 citations and 5 recommendations. A formal written program plan was submitted to our ODH Consultant, Anne Kutys with was approved and will be implemented beginning June 1st.

Maternal Child Health Grant (MCH)

Jefferson County has agreed to write for a Cribs for Kids grant as a regional program that would incorporate Belmont, Harrison, Carroll and Jefferson. We signed a letter of support and are awaiting and hoping for approval that we should learn of sometime in September at the soonest.

Cribs for Kids:

16 cribs were ordered and are in the garage in storage.1 crib were distributed in April leaving us with 5 cribs remaining.

Project Kind:

This program was discontinued by ODH but will be re-introduced in the fall of 2018 by the intervention specialists of HHCHD. We have a training session with the Intervention Specialist, Tiffany Stock in June to prepare for the upcoming school year.

Veggie U:

Veggie U has officially closed its business and they did stay true to their word and placed the educational plans and accompanying documents online for access to the public.

We purchased supplies for two classrooms, but it was too late in the school year to conduct the program so these items will be stored for next year. Our hope is to provide the program for the 3rd grade classes every year and implement it as part of the farm- to -school curriculum.

Innovative Funding:

The Community Garden in Hopedale is a part of this project. The Master Gardeners requested some tools for the garden to get things started this spring and have already harvested some lettuce which was donated to the County Home.

They have made times available for students from HHCSD to volunteer and get credit for "service hours" that will apply towards their academic letter. Plans to develop raised bed gardens somewhere on the school grounds is still being planned with the FFA Instructor as well a curriculum ideas for the Botany class to tie in the Farm-to-School program.

Children with Medical Handicaps (CMS)

We have 22 active cases we are assisting with. There was 1 home visit in April. We have 1 case pending approval.

OTHER:

Department of commerce contacted me regarding the Manufactured Home Parks program. They were wanting to know if we were interested in performing the annual inspections. The licensing will still be their responsibility and we would be paid per inspection. I have contract information and the payment plan. After discussion Patricia Brown moved to contract for the 2018 Manufactured Home Park as discussed, seconded by Adele Mason, all voted yes, motion carried.

Discussed also is the possibility of our health department hiring a contracted plumbing inspector. This would generate funds for the Health District, stating Businesses and installers would like it. It would be all commercial for the entire county, nothing residential, and it would benefit our budget instead of sending it over to the Department of Commerce. After discussion the Board of Health will table the discussion until next month.
